## LETTER FROM THE DIRECTOR

**FGCU Academy Needs Your Support Today to Ensure that Our Critical Mission of Senior Education and Enrichment Continues!**

FGCU Academy is ready to serve the SWFL community for the Summer 2023—Learning, Growing, Sharing, Socializing. I am excited to welcome you to the new FGCU Naples Center, which is located at 704 Goodlette-Frank Rd N, Suite 330 in Naples. As always, all of our locations listed on page 3 are open to all our students.

If we have had the opportunity to meet in person or if you have heard me speak, I hope I was able to share with you my passion about FGCU Academy and its mission to provide lifelong learning and enrichment to the SWFL community. I believe it is critical to our well being to keep exploring new avenues for growth to keep our minds engaged in our past, present and future. I know those who join as members and friends who participate share my commitment. Thank you for supporting our vital programming.

As an educator, I find myself slightly uncomfortable talking about the financial needs of FGCU Academy beyond thanking everyone for their support. But, this year and moving forward, it is important that I find the words to ask for additional support through philanthropic donations. The fact is that the revenue generated through memberships and fees provides for only 50% of our annual operating costs. Additionally, our attendance has not yet reached pre-pandemic levels, so our revenue is much lower than in the past.

Our passion keeps us moving forward and your donations will do the same. Please take a few minutes to consider donating to ensure our continued success. All amounts make a difference in strengthening the work we do in the community.

Your gift will allow the Academy to offer more than 1,500 diverse and fascinating programs at more than fifteen locations throughout SWFL. Please visit our website (<https://fgcuacademy.asapconnected.com>) to review the rich and varied programmatic offerings that are available this summer. Through our mission we promise to enrich the lives, minds and social well-being of more than 10,000 SWFL adults and seniors during 2023.

I am grateful for your consideration to support this vital community outreach program this year.

I look forward to seeing you at a FGCU Academy program soon. Please contact me directly at [jguerra@fgcu.edu](mailto:jguerra@fgcu.edu) or 239-434-4838 with questions or to learn more.

In gratitude,  
**John J. Guerra**  
Director of FGCU Academy

## BIOGRAPHIES

### Franz Joseph – The Last Habsburg Emperor \$25 / \$30

- **Option #1** - June 1 at 10 – 11:30am, Thursday  
BV5682 – Bentley Village (North Naples)
- **Option #2** – June 13 at 2:30 – 4pm, Tuesday  
GO5683 – Moorings Park Grey Oaks (South Naples)

Speaker: Nancy Maxwell

Born into a dynasty steeped in centuries of power and tradition but also teetering on the brink of collapse, Franz Joseph inherited a sprawling, disparate empire that was crying for reform and a dysfunctional family that suffered from the effects of intrigue and inbreeding. With extraordinary self-discipline and dedication, Franz Joseph managed to hold them all more or less together, but an emperor's private life cannot be separated from his public one, and the end of his long reign saw the destruction of everything. Franz Joseph's life is a gripping tale of duty, power, politics, love, and loss, all played out on the world stage.

### Queen Victoria – The Grandmother of Europe \$25 / \$30

June 6 at 2:30 – 4pm, Tuesday  
AR5684 – The Arlington (Southeast Naples)

Speaker: Nancy Maxwell

Victoria was a match maker extraordinaire! Her own marriage had been blissfully happy, but Victoria didn't seem to care much about the feelings of her own children. While chiding them about duty and obligation, she set them up with "appropriate" matches throughout Europe. A German prince, a Russian duchess – it was all part of the plan for the family, which would, to her mind, guarantee the stability of the empire. Yet Victoria herself broke her own rules in her relationship with her Scottish servant! Let's explore the life and family of this very human, motherly queen, whose grandsons ended up at war with each other.

### Napoleon Bonaparte \$25 / \$30

June 7 at 10 – 11:30am, Wednesday  
MP5685 – Moorings Park Original Campus (Central Naples)

Speaker: Nancy Maxwell

Napoleon's skill and brilliance extended well beyond the battlefield. Within 20 years of the abolition of the French monarchy during the revolution, he had out-manuevered his political rivals and crowned himself emperor and then began rebuilding the state and establishing a dynasty. This lecture will explore the political and social backdrop that gave rise to Napoleon's career as well as the ambition and character that enabled the "little general" to leave a remarkable legacy.

### Alva Vanderbilt Belmont – Slave to Ambition or Champion of Freedom? \$25 / \$30

- **Option #1** - June 19 at 1:30 – 3pm, Monday  
BV5686 – Bentley Village (North Naples)
- **Option #2** – September 8 at 1:30 – 3pm, Friday  
GL5687 – Moorings Park Grande Lake (Southeast Naples)

Speaker: Nancy Maxwell

Alva was seen by many – including her own family – as a ruthless, domineering social climber who would stop at nothing to reach the top. Her carefully orchestrated plans for dominance, including the forced marriage of her daughter, have become legendary. Yet there was more to Alva than snobbery: she forged an independent path that astonished both her contemporaries and posterity.

### **William “Wild Bill” Donovan \$25 / \$30**

July 21 at 2:30 – 4pm, Friday  
AR5688 – The Arlington (Southeast Naples)

Speaker: Thomas Eastwood

Donovan was a lawyer, politician, war hero and one of the founders of U.S. intelligence. His amazing story is one of intellect and bravery. This lecture traces Donovan’s life as the Director of the Office of Strategic Services (OSS) and the father of the CIA. He was a visionary who identified weaknesses with U.S. intelligence. His observations have lessons for today.

### **Queen Elizabeth I – Gloriana \$25 / \$30**

July 31 at 1:30 – 3pm, Monday  
BV5689 – Bentley Village (North Naples)

Speaker: Nancy Maxwell

Where would England be today had Elizabeth I not become queen? A lesser ruler might have succumbed to the conflicting demands of political factions. A lesser personality might have indulged personal whims at the cost of ministerial respect. Against great odds – her father ordered her mother’s execution; she had no husband; she produced no heir; and her cousin plotted her assassination. Elizabeth nevertheless tackled religious strife, political divisions, court intrigue and war, to guide England to a state of unity and prosperity.

### **Catherine the Great \$25 / \$30**

August 7 at 10 – 11:30am, Monday  
MP5690 – Moorings Park Original Campus (Central Naples)

Speaker: Nancy Maxwell

Bright, ambitious and imbued with ideas of the Enlightenment, Catherine rose from a German princess to Empress of Russia through her wits and wiles, not to mention intrigue and the convenient elimination of her husband. Her correspondence with the greatest minds of the day is legendary. She had grand plans for Russia, and encouraged by her lover Potemkin, set about the expansion, modernization and education of the country. Although her reign also saw the violently dangerous Pugachev rebellion, Catherine’s accomplishments and devotion to Russia have earned her a place among history’s most Enlightened Despots.

### **King George III \$25 / \$30**

September 19 at 10 – 11:30am, Tuesday  
BR5691 – Brooks Commons Club (Bonita Springs)

Speaker: Nancy Maxwell

To many Americans, he is Mad King George, the tyrannical English king whose despotic ways pushed the colonists to

revolution. To the English, he was Farmer George, a stubborn, plodding ruler who obstructed his parliament and blocked progress. Both assessments are incomplete, and his unfortunate mental collapse was a family tragedy. There was much more to the life of this very civilized, cultured and moral man.

### **Peter the Great: A Czar Larger Than Life \$25 / \$30**

September 25 at 1:30 – 3pm, Monday  
BV5692 – Bentley Village (North Naples)

Speaker: Nancy Maxwell

Peter the Great dragged Russia, kicking and screaming, into the seventeenth century. Peter was larger than life; a towering man with towering ambition to match and a vision of greatness for Russia. No project was too big: move the capital city! Or too small: measure the length of men’s beards! To modernize the state Peter turned his hand to every aspect of Russian life. Was he a visionary reformer or a ruthless tyrant? This lecture explores the life and legacy of a most unusual czar.

Grief is also the result of unmet hopes, dreams and expectations and the loss of intangible concepts such as safety, trust, security, respect, faith... and hope. Grief is universal. All of us will experience grief and losses. But we are not well prepared to really handle, manage or recover from the emotional impact which result from these changes and losses. The year 1776 seemed a disaster. The British anticipated the end of the war soon, following a long string of victories against ill-equipped and poorly trained Americans. Then, in one of the most unexpected and pivotal events in American history, Washington

led American troops over the icy Delaware River and shrewdly snatched two sensational victories at Trenton and Princeton. The news swept through the Colonies, and the patriot cause was given a second birth. Follow Dr. Franz as he shares this inspiring story.

### **The Twilight Zone: Fiction Foreshadows the Truth! \$25 / \$30**

June 15 at 10 – 11:30am, Thursday  
BV5778 – Bentley Village (North Naples)

Speaker: Dr. Richard Hertzberg

Examples and causes of engineering failures of aircraft, ships, bridges, and load-bearing structures are introduced and discussed. It is shown that most structural failures are traced to combinations of excessive loads, presence of preexisting defects, and inadequate material toughness. A newly created video recording eerily connects works of fiction with real events associated with structural failures; in one instance, the “failure” of a fictional airliner is compared with the failure of the Comet, the first commercial jet aircraft. In addition, the events surrounding the sinking of the fictional Titan passenger liner are compared with the actual catastrophic sinking of the Titanic cruise liner.

### **Churchill’s Secret Army \$25 / \$30**

June 15 at 1:30 – 3pm, Thursday  
CC5779 – Cypress Cove (Fort Myers)

Speaker: Thomas Eastwood

Churchill created a special intelligence agency to set occupied Europe “ablaze” using “ungentlemanly” tactics. His inspiration came, in part, from the Irish Republican Army which waged a guerilla campaign against British rule. The Special Operations Executive (SOE) engaged in espionage, sabotage, assassination, reconnaissance and, along with the American OSS, supported resistance movements. SOE ran a spy school, Camp X, in Canada where OSS agents were trained in “murder and mayhem.” Many were women. Topics include: Intrepid; training; agents; operations; and movies inspired by SOE missions.

The Scientific Revolution and Age of Enlightenment brought new knowledge and ideas to an increasingly literate European society that was hungry for information. Products of their age, some monarchs embraced the new ideas, hoping to reform systems and strengthen their states, but, what happened when ideas of reform clashed with notions of their own power? How far could the Enlightenment go? We will examine the plans, personalities and performances of Frederick the Great, Maria Theresa and Catherine the Great.

### **How the Modern Bible Came to Be \$25 / \$30**

July 3 at 1:30 – 3pm, Monday  
BV5784 – Bentley Village (North Naples)

Speaker: Kent Commons

In 2007, *Time* magazine asserted that the Bible “has done more to shape literature, history, entertainment and culture than any book ever written.” It’s a bold claim, but one that’s hard to refute. But if the Bible’s standing as a cultural behemoth is beyond doubt, its history is anything but. For centuries, some of the world’s

greatest thinkers have puzzled over the origins and evolution of this remarkable document. Who wrote it? When? And why? These are the thorniest of questions, made all the more tangled by the Bible's great age. Join us as we explore the origins of the bible as we know it today.

Topics: secret interrogation and detention centers; PO Box 1142; PO Box 651; Camps Ruston, Peary, King; Dustbin; Richie Boys; Military Intelligence Service; interrogation tactics; MI5; MI9; MI19.

### **The Creation of Germany \$25 / \$30**

July 10 at 1:30 – 3pm, Monday

BV5787 – Bentley Village (North Naples)

Speaker: Nancy Maxwell

Perhaps because of its dominant role in two world wars, it is easy to think of Germany as an old nation with a long history. But Germany is a young state, less than 150 years old. The original territory was divided into myriad small holdings ruled by independent noble families and surrounded by the powerful states of Austria and France. The path to unification would be blocked by all of these. Despite earlier attempts, it took the rise of Otto von Bismarck, with his cunning, wisdom and political acuity, to overcome all these obstacles and establish the German Empire.

### **The Russian Revolution \$25 / \$30**

July 20 at 1:30 – 3pm, Thursday

CC5792 – Cypress Cove (Fort Myers)

Speaker: Nancy Maxwell

Like the German and Austrian empires, the Russian empire too was a casualty of the First World War. Had war not broken out, would the tsars have been able to maintain autocratic control of the country? Had Lenin not returned via a sealed train, would the moderate politicians have prevailed? This course will examine the

state of Russia and its government in the early twentieth century and then follow the chain of events that toppled Nicholas II, destroyed the Romanov dynasty, and brought Lenin to power after the outbreak of war.

### **The War of the Worlds Broadcast, 1938** \$25 / \$30

July 24 at 10 – 11:30am, Monday

MP5793 – Moorings Park Original Campus (Central Naples)

Speaker: Dr. Jerry Franz

In the 1930's, radio was king. In those turbulent times of Hitler and Mussolini and the threatening clouds of war, Americans were used to hanging on every word of the special news announcements. When Orson Welles tried to have some Halloween fun with a Martian invasion, using dramatic news announcements, he unleashed a panic across the country. Dr. Franz will retell this fascinating and sometimes humorous story.

Finally, the actions taken by the federal governments of both the U.S. and Canada are examined, regarding immigration policy toward the Chinese.

### **The Germans are Coming! A German King Takes the English Throne** \$25 / \$30

July 24 at 2 – 3:30pm, Monday

AG5795 – Aston Gardens (North Naples)

Speaker: Nancy Maxwell

How can this be? It was never supposed to happen. Queen Anne of England had had multiple pregnancies; she had a son. Apart from the horrific scandal of his wife, George of Hanover was enjoying a life of gambling and hunting (and ruling!) in his German state. But fate and his mother had other plans for George, and at the age of 54 he sailed, none too willingly, for England. The English were not particularly glad to see George arrive, either. But George took the English throne, took an English mistress, and established the Hanoverian line in his new homeland – even if he did loathe his son!

### **VENONA – Soviet Spies in America** \$25 / \$30

July 27 at 10 – 11:30am, Thursday

BV5796 – Bentley Village (North Naples)

Speaker: Thomas Eastwood

During World War II and the Cold War, Soviet spies and operatives infiltrated the White House, Treasury, State, DOJ, WAR

and DOD. They also penetrated our most guarded program, the Manhattan Project. Fortunately, the U.S. Army had a top-secret counterintelligence project to decode Soviet Intelligence messages. Most of the cryptanalysts were women at Arlington Hall, VA. VENONA was instrumental in identifying American spies. Many were committed communists who were highly placed. We explore this program and its far-reaching impact.

### **Early Islamic Art & Architecture** \$28 / \$33

July 28 at 1:30 – 3:30pm, Friday

GL5797 – Moorings Park Grande Lake (Southeast Naples)

Speaker: Gabriella Miyamoto

Many westerners are unfamiliar with both the history of Islam and the earliest expression of Islamic culture in architecture and art. Join us for an introduction to the development of the mosque in its different regional variants, the first of which was presumably derived from the plan of the Prophet's house in Medina. The remains of magnificent palaces we will look at proclaim the refined and elegant lifestyles of Islamic rulers at a time when Europe was barely emerging from the Dark Ages or consumed by medieval martial culture. Islamic artisans produced a variety of sumptuous manuscripts, ivory objects, glassware, tiles, and carpets, decorated with exquisite Arabic calligraphy and intricate geometric and vegetal motifs, that came to be prized by Europeans as well. While people are often aware of the Qur'an's supposed "prohibition" against the depiction of human and animal figures, you will be surprised to see many zoomorphic images in objects produced for Islamic elites, even images of the Prophet himself.

### **A Stunning Race: The Kennedy-Nixon Presidential Campaign 1960** \$28 / \$33

• **Option #1** – July 28 at 2:30 – 4:30pm, Friday

BV5800 – Bentley Village (North Naples)

• **Option #4** – September 26 at 2:30 – 4:30pm, Tuesday  
GO5801 – Moorings Park Grey Oaks (South Naples)

Speaker: Hugo Llorens, Ambassador (Ret.)

1960 was a fascinating time in American history. The nation was at once amid a titanic struggle with the Soviet-led communist threat abroad while benefiting from a strong economy at home. The decisive question for the American electorate was whether to continue the proven Eisenhower era policies of the prosperous but complacent 1950s or to seek and reach higher and chart a new generational path. As standard bearers for their parties, Vice President Richard Nixon and Massachusetts Senator John Kennedy were young, dynamic, brilliant and infinitely ambitious. The campaign resulted in a mythic struggle between these two men resulting in one of the closest results in American electoral history. Ambassador Llorens expertly weaves the political dynamics of that historic campaign with so much at stake for America and the world.

### **The California Gold Rush \$25 / \$30**

July 31 at 1:30 – 3pm, Monday

BR5802 – Brooks Commons Club (Bonita Springs)

Speaker: Dr. Jerry Franz

On a remote sawmill in the remote territory of California, James Marshall was surprised to find gold nuggets in the sand. The story of the gold spread faster than bad news through the small towns of Sacramento and San Francisco. These towns would not be humble for long, as a regional gold rush turned national and international. Between 1848 and 1853, a most unusual civilization and culture sprang up in the gold field areas. Join Dr. Franz as he shares this 'boom or bust' story.

The 11<sup>th</sup> century Bayeux Tapestry is amazing because it is 230-foot long and still in good condition, when tapestries that old are very rare. Join Dr. Franz as he team-teaches with the Tapestry to bring this 11th century story to life.

They were undertaken primarily to the Middle East, but also to Spain, southern France, and Baltic Europe, and lasted from 1095 CE, when Pope Urban II preached the First Crusade to recover Jerusalem from the Muslims, until around 1500, when the last Muslims were expelled from Spain and all of the Baltic area was effectively Christianized. Ruling over a fractious state is a challenge at the best of times, but when the "new religion" reached 16th century France, the combination of ambition, greed, and religion made for a lethal cocktail. ## To Russia with Love \$25 / \$30

September 7 at 10 – 11:30am, Thursday  
BV5736 – Bentley Village (North Naples)

Speaker: Rachel Cox

Tsar Peter the Great opened Russia to Western influences and fundamentally altered the nation as a whole. The city of Saint Petersburg, which stood as a symbol of European influence in Russian culture, was a city that cultivated European music, provided by European musicians. But the Russian pianist and composer Arthur Rubinstein, who had received his training in Europe, realized that music education was needed to develop native talent and build a musical culture within the nation. However, a group of nineteenth-century composers calling themselves *moguchaya kuchka* (or the “Mighty Handful”), under the mentorship of Mily Balakirev, sought to develop a Russian musical tradition not influenced by European culture. *The kuchka*, comprised of five composers, created music which was inspired by Russian religious and folk music and thus developed music with a distinctly “Russian” sound. The music of the *kuchka* influenced future generations of composers and elevated the Russian musical tradition to a level equal to that of Europe’s musical tradition. Enjoy works by Stravinsky, Prokofiev, Rachmaninoff, Rimsky-Korsakov, Cui, Auerbach, and Tchaikovsky.
